ELECTION RESULTS IN BADGER STATE

A Small Vote is Polled and the Issues Are Purely Local.

NO PARTY LINES DRAWN

Surprise in Milwaukee Was Paul Carpenter Besting Judge Emil Walber.

HALSEY BEATS COTZHAUSEN

Milwakee, Wis., April 3.—Municipal elections were held in many of the towns of Wisconsin yesterday. In a few cases were party lines drawn, but local issues formed the problemns before the people.

The judical election in this county elicited little interest as the contests were made on non-partisan lines. In the city and country there were 28,000 votes cast, about half the usual vote. L. W. Halsey was elected to the circuit bench over F. W. Von Cotzhausen by a plurality of about 3,000.

Judge Wallber's Defeat.

The surprise of the day was the defeat of Judge Wallber for county judge. It is the second time that he has met defeat at the polls in a long period of honorable public service, and that at the hands of the son of the late Senator Matt H. Carpenter. Paul M. Carpenter made a splendid run carrying both the city and the county.

Neele B. Neelen was elected district judge over Joseph Donnelly by about 2,500. A. C. Brazze was elected municipal judge by about the same plurality, and F. E. Woller was elected clerk of the court by about 7,000 over William Bahr. Judge J. E. Dodge was elected to the supreme bench in the state without opposition.

Oshkosh Turns to Democrats.

Oshkosh, Wis., April 3.—Oshkosh went democratic by about 250. It went republican last fall by 500. John Mulva, R. A. Spink, and Dan Wilzel, democrats, are elected mayor, treasurer and clerk respectively. Out of fourteen aldermen ten are democrats.

Democrats Hold Kenosha.

Kenosha, Wis., April 3.—The democrats elected their entire city ticket by majorities from 75 to 775, James Gorman is re-elected mayor by a plurality of at least 250.

Madison's Mayor a Democrat.

Madison, Wis., April 3.—Professor Storm Bull, a nephew of the great violinist, Ole Bull, was elected mayor, as a democrat. The complexion of the council is unchanged. Richard T. Ely, a noted political economist, was elected a supervisor in a suburban town.

Beloit Mayor Re-elected.

Beloit, Wis., April 3.—Simon Smith, the republican candidate for mayor, was re-elected without opposition. One republican and four independent aldermen were elected. The independent candidate for treasurer won by over 100 majority.

Republicans Carry Edgerton.

Edgerton, Wis., April 3.—The republicans elected their municipal ticket by nearly 10 majority today. George W. Doty was chosen mayor, W. H. Clarke, assessor, and H. H. Dickinson treasurer. The council will be republican.

Mayors of Cities.

In the state elections yesterday the republicans carried: Menominee, Marshfield, Medford, Eau Claire, River Falls, Cumberland, Fort Atkinson, Waukesha, Kaukauna, Columbus, Edgerton, Trempealeau, Manitowoc, Stoughton, Whitewater, Janesville, Hayward, Black River Falls, Waupaca, Viroqua, Fairchild. The democrats were victorious in Elroy, Hartford, Wausau, Kenosha, Oshkosh, Two Rivers, Ashland, Marinette, Plymouth, Watertown, Tomah, Stevens Point, New Richmond, Appleton, Beaver Dam, Antigo, Prairie du Chien, Racine, La Crosse, Neenah, Menasha.

License and No License.

In a number of the small towns where the issue was license or no license, the former prevailed although the temperance ticket was elected. In fact, no license seems to have fallen off in popularity. It was unsuccessful in Grantsburg, Wyocena, Viroqua, Oconto and River Falls, while Augusta, Fairchild, Waupaca, Fox Lake, Black River Falls, Cashton, Clinton Junction, Beloit, Deerfield, and Sparta for licensing saloons.

Evansville.

The entire ticket elected is republicans except marshall. Mayor, third term, Perry C. Wilder; city clerk Jonathan Potter; treasurer, George L. Pullen; assessor, Homer Potter; alderman, David Johnson, E. J. Ballard and Darwin Gliddon; spervisors, Hon. A. Eager, Byron Campbell and Martin L. Paulson; street commissioner, H. Hamilton.

Fort Atkinson.

The republicans elect their city ticket with the exception of clerk, chief of police and the alderman of the Fourth ward. Those elected were: L. B. Royce, mayor; Giles Hubbard, clerk; James Brett, treasurer; S. Rice, assessor; H. M. Alling, street commissioner; A. M. Webb, atorney; Henry Wooden, chief of police.

Delavan.

The election resulted in the usual republican victory. Captain A. E. Smith, mayor, third term; Harry Johnson, treasurer; Arthur Ayers, assessor; and the entire board of aldermen. Simons, majority in the city for the county judgship is 215 and in the town 20.

Brodhead.

Burns was elected mayor by a majority of 93; Halcom, treasurer; Twining, assessor. Aldermen, Peter Taylor, Dell Amerpohl; supervisors, Ezra Stuart, Peter Patterson; Judge, Dodge 114; county judge, Sprague, 225; Becker, 163.

Decatur gave Sprague 43 votes and Becker 50.

Whitewater.

N. M. Littlejohn, rep., was elected mayor by a vote of 439 against L. C. Baker, ind., 210. The entire city republican tlicket and two of the three republican aldermen are elcted. John B. Simmons receives a majority of 59 over Belden for circuit judge.

VALET JONES SAYS HE KILLED RICE

Every Detail of the Conspiracy to Slowly Murder the Victim Told with Perfect Unconcern.

New York, April 3.—Valet Charles F. Jones, who confessed originally that Lawyer Albert T. Patrick chloroformed the old millionaire, William Marsh Rice, and confessed secondly that Patrick killed Rice by administering mercury, testified yesterday that he himself poisoned Rice with mercury and oxalic acid and killed him with chloroform, all at Patricks suggestion, because Patrick's plot to get the old man's money had reached a point where Rice must die to make things safe.

Jones' story which was told in the preliminary examination of Patrick before Justice Jerome, is remarkable both for the manner of its presentment and for the conspiracy which it purports to detail. Jones swore that in all the months in which Patrick says that he served Rice as an attorney themillionaire never saw him but once, and then not to know who he was; that all of the letters and papers that Patrick had in his possession, and which he had boasted had come from the millionaire now dead, were concocted by Patrick himself, and written by Jones for the purpose of finally forcing the probate of the will which they had forged.

Finally when the old man would not die, despite all the drugs that they prevailed upon him to take, Jones, at the instigation of Patrick, murdered him by putting a choloroform soaked cloth over his face as he lay sleeping in his bed.

BALFOUR SLATED FOR PREMIER

King Edward's Plan Is First to Raise Him to the Peerage.

New York, April 3.—A dispatch to the Tribune from London says: The invalids are profiting by a sudden invigorating change in the weather, among them Lord Salisbury, whose improvement is marked. Contradictions of the report of his failing health and impending retirement are emphasized at Westminster on the eve of the Easter recess, but those closest in touch with public affairs are not misled by the optimism prevailing on the ministerial side.

One forecast may be repeated with confidence, as it is obtained from high authority. This is the speedy appointment of Mr. Balfour as prime minister with elevation to the peerage. Mr Balfour's presence at Windsor on Sunday is explained by the fact that a change is impending at an early day, and that he has been in consultation with the king respecting it. The high authority asserts that Mr. Balfour's elevation to the peerage is the king's method of determining the succession to the premiership, and that Lord Salisbury will retire as soon as this change can be effected. Mr. Chamberlain will then become the leader in the commons and the aggressive force of the government will be greatly increased.

BOERS FIGHTING IN NATAL.

Wreck Train and Have Advantage in Fight With Campbell.

Newcastle Natal, April 3.—The Boers derailed and wrecked a train near Mount Prospect.

Subsequently General Campbell's column attacked them and heavy fighting ensued, General Campbell being at a disadvantage.

Owing to the mist on the hills the result is not known here.

Thirty-One Boers Captured.

London, April 3.—Under date of Pretoria, April 1, Lord Kitchener reports to the war office as follows: "Plumer has occupied Nylstroom, and French has captured three guns on the lower Pongola. Thirty-one prisoners have been captured in the Orange River Colony. There were no casualties."

STEAM ROADS SAID TO BE BACK OF THE PROPOSED ELECTRIC LINES

Beloit Council Likely to Grant the Clough Line a Franchise Next Monday Night—The Clough Company's Contracts Are Let.

Beloit, Wis., April 3.—There seems to be no doubt that next Monday night the Beloit common council will pass the ordinance giving the Beloit, Delavan Lake and Janesville Railway Company a franchise to run through this city.

T. F. Frawley of Eau Claire, vice president of the Rock River Electric Railway company, in a letter to J. B. Dow hinted that his company would pay the city $1,000 a year for thirty years for an exclusive franchise, such as that applied for by H. H. Clough and his associates. He complained that his ordinance had been buried by the judiciary committee and never brought up in the council. If the council would say just what kind of a franchise the city wanted, Mr. Frawley promised that his company would come in and bid on it.

Alderman Buekeridge, in the discussion at the last session of the council, called attention to the fact that while Mr. Frawley had been offering to build a $50,000 power plant at Janesville, Mr. Clough had agreed to build a $150,000 plant at Beloit; the former had been talking about building inter urban lines but had done nothing, while Mr. Clough had purchased the right of way to Rockford and Janesville.

Mr. Frawley had talked 50-pound rails while Mr. Clough had made contracts already for 75-pound rails. Mr. Frawley's cars were to be run by two 35 horse power motors while Mr. Clough's already contracted for would be run with four 50-horse power motors. The alderman said he would like to know which party was most worthy of confidence, the one who was railroading on paper or the one who had actually contracted for right of way, building material and equipment.

It is thought by many that the steam roads are back of Mr. Frawley and his associates and want to prevent a competing freight line to get into Beloit, since the Beloit, Delavan Lake and Janesville Railway Company had made partial traffic arrangements with the Illinois Central.

It is contended that if the other roads could prevent the connection they could afford to lose several thousand dollars in the forfeiture of their franchise and in the meantime Mr. Clough would build around the city shut Beloit off from all the benefits of interurban connection.

ADVENTISTS FROM ALL LANDS MEET

Opening This Morning of the General Conference of the Society at Battle Creek, Mich.

Battle Creek, Mich., April .—Perhaps two thousand delegates and visitors crowded into the tabernacle this morning to witness the opening scenes of the big genral conference of Seventh Day Adventists. Delegates were present from Sweden, New Zealand, the South Sea islands, Australia, Queensland, the Tennessee river and Ontario, affiliated with the general conference.

The prophetess of the asociation, Mrs. Ellen G. White, who came from Australia, where she has been laboring for several years addressed the conference. She is 73 years of age and adventism has practically grown up around her teachings. Her talk was along moral lines, telling the members what to do in the direction of right living. The convention lasts until April 5. A special train brought several hundred from Chicago.

GREAT STEEL TRUST IS BORN.

Colossal Combine Is Chartered by New Jersey.

New York, April 3.—The United States Steel corporation, capital $1,100,000,000, came into legal being yesterday, under the laws of New Jersey. The trust paid $220,000 as New Jersey's tax on the greatest corporation ever organized. No sooner had the steel trust received its charter than J. Pierpont Morgan exhibited a circular letter ready to be sent to the stockholders of: The American Bridge company, capital $70,000,000; the Lake Superior Consolidated Iron Mines, owned by John D. Rockfeller, capital $30,000,000; the Oliver Iron Company of Pittsburg; the Pittsburg Steamship company; the greatest of trusts announced on the day of its birth that it had arranged to buy them. "Eddie" Norton sold $10,400,000 of steel trust contracts for stocks to be delivered "when issued." It caused not a ripple, which showed the thorough control of the Morgan syndicate over the Stock Exchange. Charles M. Schwab of the old Carnegie company, will be president of the billion dollar trust.

SUMMER HOTEL IS DESTROYED BY FIRE

Widely Known Hostelry at Oconomowoc, Burned to the Ground—Loss $50,000

Oconomowoc, April 3.—The hotel Chicago, a widely known summer hotel, was destroyed by fire yesterday afternoon. The alarm sounded shortly before 3 o'clock and although every effort was made by the fire department it was impossible to stay the progress of the flames. The hotel was a large frame building, three stories and a basement, surrounded by wide verandas.

It stood on the east shore of Flower Lake about ten minutes walk from the business portion of the city. It was directly across the lake from the home of the Loiterers, the fashionable summer club on the divide between La Belle and Flower lakes, and as a landmark was known to every summer visitor for many years past.

The hotel was built between forty and fifty years ago by Copeland Townsend. Its original cost was about $40,000, which amount had perhaps doubled in alterations and improvements. In the early days it achieved wide poularity.

SMALLPOX IN INDIANA.

State Board of Health Says the Fest Prevails in Sixteen Counties.

Indianapolis, Ind., April 3.—Secretary Hurty of the state board of health gave out a statement today showing that there are 472 cases of smallpox in Indiana. The greatest number of cases in any one county is reported from Switzerland county—200 cases. Lawrence county comes next, with seventy-four cases. Smallpox exists also in the following counties: Marion, Steuben, Pike, Posey, Vermillion, De Kalb, Howard, Fulton, Tippecanoe, Vandersburg, Lake, Perry, Dearborn, Wabash, Wayne and Noble. The reports on which the board bases its figures are for March. There were three deaths from smallpox within the month.

Heir to $500,000.

Walla Walla, Wash., April 3.—News has been received in this city that Mrs. Frank Goodwin of Wallula has fallen heir to $500,000, as her share of the Bauer estate in this city.

NO PUNISHMENT FOR AGUINALDO

To Allow Him To Take the Oath of Allegiance Is Viewed as Generous, and May End Revolt.

Washington, April 3—Aguinaldo was wise as well as smart when he took the advice of Chief Justice Arellano and accepted the terms of the amnesty proclaimation and took the oath of allegiance to the government of the United States rather than run the chances of an investigation into his treatment of the American soldiers who fell as prisohers ihto his hands.

The president and the officiials of the War Department feel that his action hes simplified matters considerably, for they must appply to him as to all others the terms of the amnesty proclamation in good faith. It will not be necessary now to investigate his record or to try him by court martial or even to spank him with a shingle as Secreatry Long suggested. He goes entirely free without paying any penalty whatever an example of the generosity of the government, notwithstanding the siproclamation, probably his latest, in which he orders his genrals to shoot their prisoners, provided that the American comanders will not give three Filipinos in exchange for each of them.

Aguinaldo will be kept under surveillance, however. He will be allowed to remain in Manila, and will probably be required to stay there, because an oath to a man of his character is simply a matter of convenience. But great good is expected to follow his action.

It is believed that it will end the insurrection, and that he will soon issue a proclamation to his followers recomending them also to take the oath and submit to the authority of the United States.

CARNEGIE MAY ENDOW THEATER

Philanthropist Has a Desire to Elevate the Stage.

New York, April 3.—A dispatch to the World from London says: The Daily Express is informed that Andrew Carnegie purposes to endow a theater in New York and another in London for the elevation of the stage provided a working plan can be devised which will prevent the management from falling into the hands of extremists or faddists. Mr. Carnegie's wish is said to be to establish an international theater, with a stage on either side of the Atlantic, that companies and productions may change from one house to the other, in order to keep up interest and center the interest of playgoers of both nations upon common ideals of dramatic art. The idea is said to have been suggested by Richard Mansfield's recent declaration that an endowed national theater is necessary for the preservation of the drama. Mr. Carnegie is reported to have said recently to a friend: "If I knew how a theater should be managed as well as I do a library I would endow one with no loss of time."

It is further stated that Mr. Carnegie has been consulting with actors, managers and critics and may soon be expected to make an announcement.

MR. HERNE MAY RETIRE

The Well Known Actor Almost Loses His Voice—Has a Throat Affliction.

Chicago, Ill., April 3.—James A. Herne who has been playing in "Sag Harbor" here, was compelled to leave the cast owing to the almost total loss of his voice and it is believed that he will not be able to play again this season. Three weeks ago Mr. Herne's company was laid off because of the illness of the actor from la grippe, and he went to West Baden to recuperate.

An old throat affliction was aggravated by the recent illness and when Mr. Herne opened his month's season in Chicago he could hardly be heard. He finished the first two weeks and has now been forced to retire from the nature of his complaint.

OFFER TO BUILD THE PANAMA CANAL

Washington, April 3.—The Times this morning confirms the story that the company organized by J. P. Morgan had offered to construct the Panama eanal and give this government every concession desired if the Nicaraguan project is given up.

TRAP SHOOTERS LINE UP TODAY

Interstate Park, N. Y., April 3.—Two hundred and sixteen entries for the Grand American handicap at trap shootings were lined up this morning in the driving rain while a strong easterly wind blew fiercely across the traps. The conditions governing the big event are: Twenty-five birds, twenty dollars entrance, twenty five to thirty, three yards handicap; fifteen hundred dollars guarantee with surplus added. Winner receives silver cup and six hundred dollars. The favorites are Elliott, Gilbert and Crosby, each handicapped at thirty-two yards.

FEAR THE BOY IS KIDNAPED.

Willie McCormick, Jr., of Highbridge, N. Y., Is Missing.

New York, April 3.—After vainly running out every clew the police became convinced last night that Willie McCormick, Jr., a 10-year-old Highbridge boy, who disappeared last Wednesday night, is the victim of a kidnaping plot. Capt. Titus of the central detective bureau and Capt. James Gannon of the Highbridge police station have put every available man on the case.

On Wednesday night two of the boy's sisters were going to church with him when he found it necessary to return to the house for his overcoat. He was delayed for a few moments and the sisters walked toward the church. When he failed to rejoin them soon they walked rapidly to the church, both believing until they had returned home that he had decided not to go with them. As a matter of fact, he had slipped on his overcoat and started after them.

Capt. Gannon in discussing the case said: "I am firmly convinced that the boy has been taken by designing persons and that he is being held by them. This boy was never known to be away from home over night. His habits were good and there had been nothing to drive him from home. I am of the opinion that he is being held here in New York city."

Capt. Gannon added that every section of the city and all points adjacent to it had been scoured during the last three of four days and nights, and that this would be continued.

Willie is the son of a retired florist living in Ogden avenue, Highbridge. He has eleven sisters. His parents are prostrated from grief and anxiety.

CARNEGIE IMPOSES NO RESTRICTIONS

His Money Can Be Used with Eldred Gift in Any Way.

LETTER FROM BERTRAM

The Coin Is Ready Just as Soon as the Site Is Purchased.

TO PUSH THE WORK RAPIDLY

In the erection of the new public library building Andrew Carnegie imposes no restriction upon the people of Janesville, or their servants, the members of the library board. That is settled decisively. A letter received from Mr. Carnegie's private secretary by Judge Charles L. Fifield this morning shows that the same broad-minded public spirit which characterized the bequest of the late F. S. Eldred is intended.

As soon as the site is purchased Mr. Carnegie's money is ready and all drafts upon him as the building progresses will be honored by his cashire. The fact that Mr. Carnegie is in Europe will make no difference.

Practically Unhampered.

The letter received this morning and the text of the late F. S. Eldred's will, which was published in last evening's Gazette, put an end to the discussion concerning the possibility of using the two donations together. Both are practically unhampered and it lies in the discretion of the library board to use them in the best possible manner so that the greatest good may result.

On the 29th of March Judge Fifield, at the library board's request, wrote to Mr. Carnegie's secretary asking him whether any conditions as to building material or construction of the building were imposed. He also explained about the Eldred bequest and asked concerning every possible contingency which has arisen in the fertile imaginations of the people.

Letter From Sec. Bertram

The reply, given with most commendable promptness, is brief and to the point, covering the entire field of questions in a single statement. The letter is as follows:

"Judge Fifield, Janesville, Wis. Dear Sir.—Yours of the 29th received. Mr. Carnegie is in Europe, but I can answer for him not imposing any restrictions as to details, he believing that these are the best looked after by the community whose interest is to be served. This covers the commendable action suggested in connection with Mr. Eldred's bequest.

"The site should be large enough to have light all around the building and when your advice is received that it is purchased Mr. Carnegie's cashier will honor calls for money as the building progresses. Respectfully yours,

"JAMES BERTRAM,
"Private Secretary."

To Push the Work Rapidly.

The latitude thus given is cause for general congratulation, especially as the conscientious manner in which the library board has entered upon the duites of its trust has inspired general confidence. Being unhampered the building committee can push the work rapidly as soon as the site is purchased. The selection of suitable plans for the building depends largely upon the location of the site that practically nothing definite can be done until the site is selected.

On the Question of Site.

The site committee wishes to correct a statement made in reference to the propositions received. The lowest proposition was given at $3,200 but one bid was overlooked by mistake when the figures were given to The Gazette. The lowest bid was $2,800 of which sum the owner of the property offered to donate $300 if the city purchased the site. Several of the bids contained like offers and the statement that no donations had been received, had no reference to such propositions, but to the fact that no offer of the donation of the site had been received.

This statement was made to correct a misunderstanding which has caused some hard feeling.

No new propositions have been received by the site committee. It is to be hoped that the owners of suitable sites will aid as much and as speedily as possible in order that the work on the erection of the building may not be delayed more than is necessary.

Tobacco Manufacturers Assign.

Owensboro, Ky., April 3.—Gilmour Brothers' company, manufacturers of plug and smoking tobacco, assigned here yesterday. Their liabilities are $100,000, with assets about the same.

RICHARDSON WINS HIS SECOND TERM

Republicans Carried City Ticket at the Election Yesterday.

VICTORY FOR SEWERS

The Vote Stood 1,114 For and 544 Against a Sewerage System.

THE VOTE GIVEN IN DETAIL

Mayor.....Victor P. Richardson
City Clerk.....Arthur E. Badger
School Commissioner.....S. C. Burnham
Justice of the Peace.....Chas. W. Reeder
Sealer.....Geo. H. Davey

ALDERMEN.

First Ward.....Walter S. Rice
Second Ward.....J. Fred Hutchinson
Third Ward.....H. S. Gilkey
Fourth Ward.....Fred Kothman
Fifth Ward.....J. B. McLean

The entire city ticket and three out of the five aldermen were elected yesterday by the republicans. It was a glorious victory, from the fact that in several places, a personal and not a party fight was made on some of the candidates. This will account for some of the small majorities by which several of the candidates of both parties were elected.

The voters of the city paid a handsome tribute to the candidates that were already in office by re-electing them, and giving them majorities more than double than what they had in 1899.

In 1899 Mayor Richardson had a majority of 237 as compared with 587 at the present election. A. E. Badger had 224 majority this time, 515. In '99 S. C. Burnham headed the ticket, having the largest majority of any candidate; then he had 445. This year he lost a few votes, but came out with flying colors with a majority of 378. George H. Davey made a large gain this year. In '99 he had a majority of 178 and yesterday received one of 447.

It is plain to be seen by the above figures that the citizens of Janesville are satisfied that the city government is in safe hands and that they are not willing to experiment with an unknown quantity.

The council stands exactly the same as last year. There are five republicans and five democratic aldermen with a republican mayor.

From yesterday's vote it is quite evident that the majority of the people of the city are in favor of sewerage. The vote being more than two to one in favor of it.

The people are waking up to the fact that as the city grows sewers are becoming more and more of a necessity. The cesspool, now in use, is a disease breeder of the worst kind, and some relief should be given the people from the dangers that are daily exposed to by them.

As predicted by The Gazette some time ago sewerage is the proper thing. Janesville is an enterprising city and the people are anxious to keep it on a par with the other cities of its size. Sewerage is not only a good thing from a sanitary standpoint but also from a business one. When you are able to tell a manufacturer looking for a location, that your city is supplied with water works and a good system of sewerage you have a large leverage to work upon.

The common council now have the expression of the people on the question, and should loose no time in taking the next step towards building a system.

AMUSEMENT NOTES

All the critics have agreed that, in "Arizona," which will be presented at the Myers Grand Monday, April 8. Augustus Thomas has written a greater play than "Alabama," the work which first gained him international fame. As "Alabama" was distinctively a stage picture of southern life, so "Arizona" is said to be a remarkably truthful portrayal of the people and customs of the most picturesque section of the Union. In the cast of "Arizona" there are dozens of clever people, among them several who have become particular favorites of Janesville theater goers in other companies. The advance sale of seats and boxes for "Arizona" will begin at the box office Friday at ten o'clock. Prices, $1.00, 75c, 50c and 25c.

The play of "Quo Vadis" is one that has stirred the hearts of the Christian world. It describes in a graphic manner the life of Pagan Rome during the reign of Nero; the downfall of the empire; the burning of the Immortal city, and the dawning of Christianity. It is not only a dramatic interest, but a superb scenic spectacle as well. In presenting "Quo Vadis" Mr. Carpenter is not making an experiment in the dramatic field. His company made a most extraordinary success in this play last season, and comes before the public this year with a strongly augmented cast, elegant costumes, new scenery and a play that has been weighed in the balance of public approval and found wanting in nothing.

The latest theatrical news is that an English syndicate is engotiating for the foreign rights of the musical comedy, "The Burgomaster," and if it goes through this deal will mark the first important venture of this nature and the results of Western authors to be presented in Europe.

Davey on the Hiller's Case.

George H. Davey, challenger of votes in the second precinct of the First ward says that the statement made by the Recorder this morning is not true in regard to George Hiller's vote. Mr. Hiller, he says, could have voted had he wished to. He came into the voting place and when it was found that his name was not entered on the registry list for some reason. He refused to vote. Mr. Davey says that Mr. Hiller was urged to vote but refused to do so; he was told by the clerks that it would be allright although his name did not appear on the list. He was well-known by the people in the voting place. Mr. Hiller simply walked out without voting.

F. S. Winslow was in Elkhorn on business yesterday.

COLDS

The quickest relief, for a cold, is by Scott's emulsion of cod-liver oil.

We all have colds, you can try it and see. You will find the edge taken off in a night; and, in three or four days, you'll be wondering whether that cold amounted to anything anyhow.

That's relief. If you tackle it quick, the relief is quick and complete, if you wait till the cold is in full possession of head and lung, why, of course, the relief is quick if it comes in a week.

A little emulsion won't clear and restore your whole breathing-machine in a minute; don't be looking for miracles.

We'll send you a little to try, if you like.

AMERICAN LEAGUE READY TO PLAY BALL

Has Some of the Best Players in the Country—Will Make It Warm for National League.

Milwaukee, April 3—The official lists of players of the American and National leagues have not been announced as yet, but the individual clubs have so far given out unofficial lists so as to make a correct list nearly possible. It has been stated from time to time that the American league would not gather more than twenty to twenty-five of the National league players, but just sixty-two men have been taken who were under reserve to the major organization, six of whom have returned to the National, having jumped contracts, leaving fifty-six men who were under reserve to the National now with the American league. Among the stars who have decided to cast their lot with the American league are: Garvin, Griffith, Callahan, Lajoie, Lave, Cross, Willis, Fraser, Cy. Young, Crieger, McGraw, Robinson, Freeman, Collins, Bradley, Stahl, Mercer, Carrick, Platt, Donlin, Williams, Sheckard, McGinnity, Howell, Barrett, Scott, Hawley, Sullivan and Mertes.

Many of the critics claim that the National league is still stronger than the American, but it is a hard matter to figure out where the big league has the better of the American as a whole. The Pittsburg team and the Brooklyn club may appear strong, but the White Stockings of Chicago will compare with either one. The National league has a number of youngsters to fill in with who have not even made good in a strong minor league, so they are really of unknown quality yet.

The men who have been in the American league were given a most thorough trying out last season and they demonstrated that they were fast enough for any company. With the additional stars from the National league they should be able to play even a better game than heretofore. The players coming from the National to the American will not be able to do any loafing, such as was charged against some of them last season, as the American league will not wait for them.

It will be fast ball from the drop of the hat, and the umpires will be able to do their duty, as they will have the backing of the presidents of the league, which can not be said of the National executive (not that he would not if he could.) There are just thirty players in the National league teams this summer who have not been accustomed to the big leagues, and it is safe to say that not more than half of this number will make good. On the other hand there are just ten players in the American league who have not been in the fastest of company, most of these being experiments.

While the Chicago and Philadelphia teams appear strong in the American league, with Baltimore and Washington showing stronger every day, the Brewers and Detroit Tigers need not be overlooked. Milwaukee has one of the best balanced teams in the league, and what makes the Brewers look better is the fact that the men have played together before and will have very little to learn in the way of team work. With Pink Hawley added to the list of pitchers (which now seems porbable) the Milwaukee fans need not worry about the pitcher's box.

K. OF P. ELECTION TOMORROW.

Brigadier General of the Uniform Rank To Be Chosen.

At a meeting tomorrow night of the Wisconsin brigade uniform rank, K. of P., at Castle hall, Alhambra building, Milwaukee, a successor to Brigadier General Frank Barry will be elected. Two names have been mentioned, those of C. D. Leslie of Milwaukee and Conrad Feige of Eau Claire. It is expected that Major General J. R. Carnahan and Supreme Chancellor Ogden H. Fethers will attend. The successful candidate will appoint a staff of about sixteen members.

Epworth League Social.

A very pleasant gathering was held at the home of Mr. and Mrs. H. E. Cary, South Main street, last evening, the occasion being a social given by the Epworth League of the First M. E. church. There was no formal program, but during the evening the male quartet consisting of E. A. Folley, E. E. Van Pool, H. E. Cary and A. Crawford sang several selections to the delight of those present. The evening passed pleasantly with the music, the games and the social conversation. Light refreshments were served.

Miss Sybil Nash will go to Chicago tomorrow to visit relatives and friends for a few weeks.

OTTER CREEK MAN HAS DISAPPEARED

FRED ADAMS, A FARMER, CAN NOT BE FOUND.

Left His Home About Two Weeks Ago and Has Not Been Seen or Heard From Since—He May Be Insane—Has Had Considerable Domestic and Financial Trouble.

Word comes from Otter Creek that Fred Adams, who left his home two weeks ago yesterday has not returned and nothing has been heard from him. The neighbors are beginning to worry over his strange disappearance and fears are entertained that he has gone insane.

Mr. Adams left home on Tuesday, March 19, saying that he was going to look for a housekeeper and that he would be gone not longer than four days at the outside. He engaged a small boy, the son of one of the neighbors to atend to his chores and feed his stock while he was gone. He left only a small stock of available feed for the horses and the neighbors are inclined to think that something must be wrong, especially as Mr. Adams had suffered much domestic trouble during the past two years.

Mr. Adams is the foster son of Francis Adams, who lives with his daughter, Mrs. Nelson Cole, South Third street, this city. He was never legally adopted but his foster parents took him into their family when he was 13 months old and he had always made his home on their farm.

Neither his foster father nor his sister knew anything of his disappearance and only heard of it in an indirect way.

Mrs. Cole will begin an investigation at once and try to discover his whereabouts. She does not believe that he was the kind of a man that would take his own life, although his troubles for some time past have been very heavy. She says that he frequently left home and was gone for several days without telling where he was going but that was when her father was on the farm to look after affairs. It seems very strange to her however that he would leave his stock uncared for and she felt that there was a posibility that his mind had been affected.

Mr. Adams was a man forty-one years of age. A few years ago he married his housekeeper, a woman who had been twice married before and had a girl thirteen years of age and a boy eleven years old. She had been an inmate of the house of correction and was addicted to the habit of drink. The home life that followed was so unpleasant that the aged father, who is eighty-five years old and quite feeble, was forced to sacrifice his attachment for the farm on which so many years of his life had been spent. He sold his interest to his foster son and came to this city last autumn to make his home with his daughter, Mrs. Cole.

Two years ago he had spent the winter with her but when spring came the longing for the farm became so great that he resolved to try living in his son's family again. When he finally discovered that it was impossible for him to get along peaceably with his son's wife he disposed of all interest in the farm.

The trouble culminated last January. One day Mrs. Adams sent her husband down to the railway junction some distance from the home to mail some letters. When he returned a short time later she and her two children were gone. Later she procured a divorce and a few weeks ago she went to South Dakota to live. Before she went she visited her divorced husband and was sick in his home for three days.

Mr. Adams was quite badly involved financially. He paid his wife $650 alimony and his farm was heavily mortgaged. He was of a peculiar disposition and it is very possible that his mind may have become deranged by worry. If not he should relieve the anxiety of his friends by communicating with them at once.

A Weak Stomach

Disordered nerves make a disordered stomach; and when the stomach fails to work the whole machinery of life is turned topsy-turvy. You may doctor the stomach all you please, but if you do not quiet the nervous irritation and strengthen the tired brain-cells it will do no good. The best remedy in the world for disordered nerves and a weakened stomach is Dr. MILES' NERVINE.

"I had a great deal of stomach trouble. The least change would affect me. Being member of an orchestra, was up late quite often. This brought on nervous headaches and I suffered terribly, lying awake hours at a time. Tried doctors' medicine and many other remedies, but got no relief till I took Dr. Miles' Nervine which completely cured me." W. H. HEATH, Fond du Lac, Wis.

Dr. Miles' Nervine

Is a nerve-tonic and brain-food without an equal anywhere; and it cures where everything else has failed. Try it.

Omega Oil

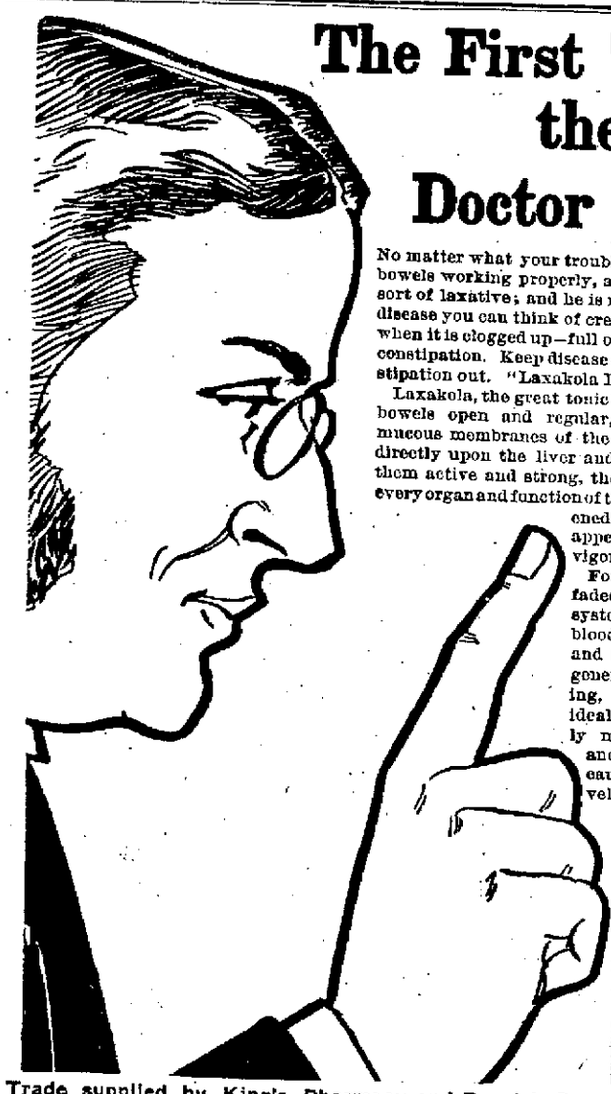

For Any Pain

A sprained thumb, arm, wrist or ankle, a stiff elbow or knee, a lame back or shoulder, an aching hip or leg—all these things are alike to Omega Oil. An ache is an ache, and a pain is a pain wherever located in the flesh, muscles or joints, and Omega Oil is the proper liniment to use. Rub it in, and the hurting will stop. Don't be afraid of using it, because it won't burn or blister. Nature makes this oil for exactly this purpose, and Nature has never made a mistake since the beginning of time. Omega Oil is good for everything a liniment ought to be good for.

Any druggist will supply you, or the Omega Chemical Co., 257 Broadway, New York, will mail a bottle prepaid for 50c. in cash, money order or stamps. 705

The First Thing the Doctor Does

No matter what your trouble is—is to get your bowels working properly, and prescribes some sort of laxative; and he is right. About every disease you can think of creeps into the system when it is clogged up—full of poison, caused by constipation. Keep disease out by keeping constipation out. "Laxakola Does It."

Laxakola, the great tonic laxative, keeps the bowels open and regular, strengthens the mucous membranes of the stomach and acts directly upon the liver and kidneys, keeping them active and strong, the blood is purified, every organ and function of the body is strengthened, nervousness disappears and you feel invigorated and toned up.

For tired, worn out, faded women, whose systems are run down, blood thin, faces drawn and haggard, and that general "all gone" feeling, Laxakola is the ideal medicine. It gently moves the bowels and thus removes the cause, while its marvellous tonic properties clears the complexion, stimulates the liver, quickens the circulation, increases the flesh, brightens the eye and recuperates and tones up the entire system.

At druggists 25 and 50 cts., or send for free sample to THE LAXAKOLA CO., 132 Nassau St., N. Y., or 356 Dearborn St., Chicago, Ill.

CATARRH

COLD IN HEAD

WOOL.

The year 1900 has been one of the most disappointing from start to finish of any in the history of the trade. Prices have constantly declined and dull with no activity. For fifteen months the shrinkage in value has extended around the world, and a decline of 35 to 45 per cent. in the different grades. Today wool is selling, where it can be sold at all, 7½ cents lower than a year ago, and the second product some 10 cents per pound lower. Dealers on every hand have their lots filled waiting for the demand which does not present itself. Not over 15 to 20 per cent. of the 1900 clip has gone into consumption. Receipts at all the market centers are large and a new clip is to come forward in a few weeks. A year ago it was thought there was a shortage of the world's supply of wool, and prices were forced to the highest point since 1891. Manufacturers were compelled to use lower grades and cotton to compete in trade, and with comparatively warm winters and no demand. And at this moment the markets are anything but satisfactory. At present lower prices are in prospect, wool has dropped 6 cents per pound in the last ten days.

THE CANNING FACTORY.

There seems to be no longer any doubt about the success of the canning factory. The city is to be congratulated on securing it, not only on account of what it means by way of increased industries, but because of the spirit of enterprise that secured it.

The canning factory is but the beginning of new life, and other things will folow rapidly if we are ready to receive them. There is no good reason why Janesville should not double her population in the next ten years, and the same spirit that prompted interest and work in the canning factory movement, will contribute largely to that result.

The city can make of itself almost anything that its citizens will to make it. Nature laid the foundation well. No city in the state is more favorably situated, and but few of them are susceptible of more beauty.

It was well founded and enjoys today a reputation for honesty and conservative judgment second to none. It possesses good churches, and an abundance of them, good schools, thoroughly equipped, and good morals. Property has been handed down from father to son in generous measure, and the city is well to do in inheritance.

While money is a good thing to inherit there are some other things that come with it that are not always helpful to a city, and one of them is the air of self satisfaction, and contentment that are not always conducive to growth and general prosperity. If Janesville has a weakness it is along these lines.

A little more enterprise on the part of capital, and a little less timidity, and a little more of the spirit of pulling together on the part of everybody would get us out of the ruts that have become comfortable by long occupancy, and put us out on the plain of endeavor, where growth can be cultivated and encouraged.

Janesville is a good place to invest money, and invest it safely. There are half developed industries here now that could be worked out successfully by the help of capital, and there are dozens of others that could be located here and made to pay good dividends on investments, if encouraged to come. We have the land, the railroads and all the facilities necessary for manufacturing. Why not have the factories, and the people that go with them?

The Twilight club has been a good thing for the town, and has brought the professional and business interests nearer together than any organization that the city ever had, but when the canning factory was dumped into its lap without effort or invitation, it was a mild suggestion that possibly other industries might be knocking for admission.

The manufacturing committee of this organization should be sent out at the club's expense on a tour of investigation. The railroads are interested and will lend a hand.

The erport of the committee would make an interesting topic for the the first meeting in the fall and it could be illustrated with object lessons of the practical sort. If we can't can all the corn lots let's can what we can.

MEMORIAL DAY DESECRATION.

There are some things in this world that are considered sacred, and some days, as well as some occasions, that partake of the same spirit. The Sabbath belongs to this class of days, and the funeral service, to this class of occasions.

While Memorial Day is neither the Sabbath nor a funeral occasion, yet there clusters about it the sanctity of both. The day was established as a day of national remembrance, A day when the veteran living turns aside to honor the memory of comrades dead. A day when public thought was centered on the sacrifice so freely offered, and when children were taught the significance of the sacrifice.

The time will come, and it is not so far away, when the ranks of the old soldiers will be a thing of the past, but while the rempant of the Grand Army lives, their feelings should be respected, and Memorial Day, which means so much to them, should not be given over to field sports, and holiday games that jar on the feelings and sentiments of the honored dead.

The management of Athletic park is acting wisely in refusing to open the park for a ball game on that occasion, and the college at Beloit, as well as the state university, are open to criticism for turnig this day of sacred associations, into a day of sport and hilarity.

The young men from these institutions enjoy the blessings of a united country, because back in the years before they were born, their fathers and grandfathers possessed patriotism that meant more to them than the love of home. A little of this spirit instilled into their lives at the expense of foot ball and base ball would detract nothing from the best ideal of citizenship, and might cause them to turn voluntarily aside in observance of a day that has not yet lost its significance.

DR. ARTHUR EDWARDS.

In the death of Dr. Arthur Edwards, which occurred recently in Chicago, Methodism has lost one of her brightest and best Vexponents, and the Christian church at large, a most able representative. For thirty years Dr. Edwards has been managing editor of the Christian Advocate, one of the great religious journals of the west. The secular press of the city recognized the man and his work, and in speaking of his death the sense of loss expressed, was heartfelt and, generous, because he had contributed so much of his life and energies to the welfare of the city.

Dr. Edwards possessed a rugged type of manhood. He went from the pulpit to the army as chaplain of a Michigan regiment, and at the battle of Gettysburg was made colonel. At the close of the war he located in Chicago and became associate editor of the paper which he has controlled since 1872. While prominent in the councils of his church, and the leader of many reform movements, he displayed an active interest in all public questions. He was a great lover of field sports and in active sympathy with young men, gaining a hold on them by intelligently appreciating their ambitions.

Dr. Edwards was in every sense a man. He became great in his field of activity, because he made a place for greatness, and was able to fill it. His loss to the church, that he served so well, is a personal loss, and the city where he wrought for so many years will miss his presence and vigorous work.

Ex-Senator Gorman, in his effort to disfranchise the colored vote of Maryland, is likely to be disappointed, The colored men are organizing night schools, and propose to meet the requirements of the new law. The state of Maryland is too intelligent to submit to gag rule, and the senator's political ambitions will not be realized.

MISS LOTTIE DEAN MR JAMES MABIE

The Wedding Took Place in the Town of Center at High Noon Today.

Glen Wheeler and his sister, Miss Mattie, left his morning for the home of Mrs. Kate Dean of the town of Center to attend the wedding of Miss Lottie Dean and Mr. James Mabie which occurred at noon today. Both of the parties to the marriage are well known in this city. The bride is the daughter of Mrs. Dean and is a young lady whose many social qualities and kind ways have made for her a large circle of warm friends. The groom is the son of Oscar Mabie of this city and is engaged in farming. He is a young man whose sterling business qualities and genial manners have made for him a host of friends.

LIFE'S JOURNEY IS ENDED.

She had resided in this city for many years and had many personal friends The funeral will be held from the home of her niece, Mrs. John Gleason, 251 South Bluff street, Thursday morning at 8:30 o'clock and from St. Patrick's church at 8:45. The interment will be at Mount Olivet cemetery.

Funeral of Mrs. L. Sullivan.

The funeral of the late Mrs. L. Sullivan was held from the home of O. D. Sabin, 4 Locust street, this morning at 10:30 o'clock. Rev. R. C. Denison conducted the brief service at the close of which the remains were taken to Oak Hill cemetery for interment. Relatives of the deceased woman officiated as pall bearers.

Francis Murphy League.

Owing to the illness of Mrs. J. B. Whiting, her husband has been obliged to cancel his engagement to make the addresses at the general meeting of the Francis Murphy Temperance league to be held next Sunday afternoon. Theodore W. Goldin has been secured as one of the speakers, the other maib address to be given by Rev. R. C Denison. The quartet, which will furnish a selection on the program will consist of Miss Cora Anderson, Miss Etta Nott, H. F. Nott and George Robinson.

Salvation Army Tonight.

Staff Captain Waite, of the Salvation, army will conduct a service in the lecture room of the Court street M. E. church this evening. The general public is cordially invited and the meeting will be of especial interest owing to the fact that a branch of the army is to be established in this city.

K. of P.

A special meeting of Oriental Lodge No. 22, K. of P., will be held tomorrow night at 7:30 o'clock to confer the second and third degrees and also to make further arrangements for attending the installation of a Knights of Pythias lodge at Edgerton on the following evening. Per order of A. E. Tanberg, Chancelor Commander.

TEN PERSONS KILLED IN RIOT.

Fierce Conflict with Gendarmes in Switzerland.

London, April 3.—The Daily Express has received the following from its correspondent at Geneva:

"A terrible riot has occurred at Dienne, in the valley of the Chamonix, owing to the municipal council selling land on which the people had enjoyed grazing rights. The inhabitants tried to set fire to the town hall, and a fierce conflict ensued between the rioters and the gendarmes. Ten persons were killed and fifteen injured."

To Join Her Lover.

Creston, Iowa, April 3.—Miss Clara Stanchfield, of this city, who has been in San Francisco for several weeks awaiting the arrival of her affianced husband, Captain Warren Ickis, of the Thirty-sixth regiment, will sail April 9 for Manila to become his bride. Captain Ickis has decided to remain in the islands, where he is government title examiner. Their engagement has existed since Captain Ickis enlisted at the beginning of the war with Spain.

Murderer Writing His Life.

Laporte, Ind., April 3.—Joseph D. Keith, under sentence to be hanged in Michigan City May 24, has contracted with publishers to publish a history of his life, which he is now writing under guard of the death watch. Keith was convicted of the murder of Nora Kifer after one of the most sensational trials in the history of the state. He still protests his innocence, but has abandoned all hope of securing a new trial.

Woman Killed by Gas.

Fort Wayne, Ind., April 3.—Mrs. Alfred Creighton died in a dentist's chair yesterday from the effects of inhaling gas. She was to have had two teeth extracted and took the gas to escape the pain. When the operation was over she could not be revived and died in a few minutes. The coroner rendered a verdict of heart failure.

Tried for Slaying Husband.

Indianola, Iowa, April 3.—Mrs. Margaret Hossack was placed on trial today charged with the murder of her husband December 2, when he was found with his head split open with an ax. She was sleeping beside him but has disclaimed all knowledge of the crime. She is 60 years old.

SECURES CONTRACT FOR ATHLETIC PARK

Manager Hurd of the Street Car Company, Interested in Ball Game Memorial Day.

The university of Wisconsin and Beloit college base ball teams will meet upon the diamond at Athletic park, on Tuesday afternoon, May 30.

The fact that the game would be played in this city was assured today when Supt. George Hurd of the street railway, secured a contract for the grounds. The contract is signed by H. J. Cunningham and L. L. Leslie, agents for the park owners, and by George J. Hurd.

The street railway company furnishes the grounds, rent free, to the managers of the game in return for having the game brought here when Milwaukee is anxious for it. Under the contract, Mr. Hurd not only rents the ground, but all priveleges, such as refreshments. He is required to put the ground in shape for the game and this will be quite an expensive item, as the fence is down in places and the grand stand is in bad shape.

The consideration to be paid for the grounds is twenty-five dollars which exceeds the rental charged for the same grounds last year by $10. In case of bad weather a deduction is to be made.

There is a strong popular demand for the game. Already large delegations from Madison and Beloit have pledged themselves to attend. It will doubtless be the only large game of the year for Janesville and if the day is pleasant, the record-breaking attendance of last year is likely to be exceeded.

FIRST TRAIN OVER THE NEW RAILWAY

Formal Opening of Janesville & Southeastern This Week.

THE TRACK IS ALL LAID

Large Force of Men Putting Finishing Touches on the Road.

REGULAR TRAINS BY JUNE 1

The first train over the Janesville & Southeastern railroad will be run over the line from Chicago to this city the last of the week. General Superintendent Underwood of the Chicago, Milwaukee & St. Paul road with his inspection train will go over the line at that time.

W. L. Webb of Milwaukee, the engineer in charge of the completion of the work on the Janesville & Southeastern railroad was in the city yesterday inspecting the work around the city and looking over the gravel pit which is being opened up at Guy Wheeler's farm in the town of La Prairie. Road Master Dougherty, arrived in the city yesterday and brought with him a large crew of men to work in the pit and in the ballasting up of the tracks.

It is now only a question of a short time, not over two months, before trains will be running regularly over the line. The track is all laid except about a mile and a half through the cut at Emerald Grove.

The track laying crew began work last Friday and it is expected that the last rail will be laid tomorrow so that General Superintendent Underwood can run his train over the line on Friday or Saturday.

There is a good deal of work that will have to be done in the way of ballasting up the track and making improvements in the road bed before trains can be run regularly. The company plans to have trains running about the first of June on schedule time and a time table for some of the trains to be operated has already been issued.

The coming of General Superintendent Underwood's train really marks the completion of the road, as all of the hard work is now done and the ballasting and cleaning up is all that remains to be done.

The building of this road to give the Chicago, Milwaukee & St. Paul company a short line to Chicago was commenced about a year ago. It has cost the company about $40,000 a mile and is one of the most expensive and best constructed pieces of road in the state of Wisconsin. When the road is in running order it will be possible to get fast trains to Chicago almost any hour of the day as the Northwestern already has a number of fast trains and the St. Paul is bound to compete with them.

ESCAPED FROM THE PRISON AT WAUPUN

LEWIS HEINS, A JANESVILLE MAN, EVADES HIS GUARDS.

He Was Sentenced on June 1, 1900, for Three and One-Half Years, for Burglary Committed in This City—His Health Failed, and He Was Threatened with Blindness.

Lewis Heins, a Janesville man, escaped from the state prison at Waupun yesterday afternoon and is thought to be headed for Milwaukee. His eyesight was failing and he thought that he was a consumptive. He told his mates that rather than to stay in confinement to grow blind and finally die of consumption, he would take the chances of a dash for liberty. He did so and was successful.

Heins was sentenced to Waupun on June 1, 1900, for three and one-half years for burglary committed at Janesville. After he got to prison his health began to fail. He filed an application for a pardon but was turned down.

Yesterday afternoon, while he was working about the incubators on the prison farm, he slipped away from his guards and ran hard toward the south. He was well on his way before his keepers missed him. Then the alarm was given. It was too late, however, and the prison officials have been unable to learn nothing about Heins' whereabouts, further than that he came in the direction of Milwaukee. He was traced for about seven miles before the trail was lost. It was about three o'clock before Hines escaped and it was almost four before his absence was noted. The prison officials asked the help of the farmers, but were given little assistance. Heins may be in the swamps south of Waupun, but Warden McClaughry believes that he will change his prison garb for citizens' clothes and come to Milwaukee.

Heins was afraid that he was becoming a consumptive and for the past few months he has been getting so near sighted that it was believed that he would soon become blind. These conditions it is thought induced him to make the desperate effort to escape.

He is 5 feet and 1 inch in height and weighs about 140 pounds. He has light hair and a sallow complexion. His eyes are slightly crossed. He is fifty-eight years of age and was born in Baden.

Hein was arrested at Delavan, Wis., in March 1900 by Chief of Police Hogan and brought to this city for trial on the charge of robbing S. H. Joiner of the town of La Prairie of a watch and some money on the night of March 1st. He pleaded guilty to the charge and was sentenced on March 12th to a term of three and one-half years in the state prison. Hein was not working for Joiner at the time he committed the robbery but had been a short time before and knew the location of everything in the house.

Moved to Milwaukee.

Mr. and Mrs. F. A. Folley and son moved this morning to Milwaukee where Mr. Folley has accepted a splendid position with a shoe manufacturing concern. He has been employed as shipping clerk for the Hanson furniture factory for some time past and has been very active in church and Y. M. C. A. work. Mr. Folley will be missed especially at entertainments and meetings to which the selections by the male quartet, in which he was first tenor, added so much of pleasure. The departure of the family will be most sincerely regretted and will be felt most keenly in the First M. E. Church of which Mr. and Mrs. Folley were valued members.

Careless Piece of Work.

Mrs. Alice Taylor of 52 Glenn St., received a bad fall and an ugly cut on her nose while walking along N. Main street this morning. An employe of the Janesville electric company was engaged in putting in electric light connections at the store to be occupied by Leffingwell & Hockett opposite The Gazette office. He had a ladder against the building slanting out nearly to the edge of the sidewalk with a stick running from the bottom rung of the ladder about a foot above the side walk to keep it from slipping. Mrs. Taylor was coming along on the sidewalk and caught her foot on the stick and was thrown heavily to the walk cutting her noise and stunning her. It was a careless piece of work on the part of the electric light employe and may make trouble for them.

CHARLES LINDSAY KILLED BY TRAIN

Well Known St. Paul Road Engineer Is Run Over and Killed at Milwaukee Today.

Beloit, Wis., April 3—Charles Lindsay, one of the best known engineers in the employ of the Chicago, Milwaukee & St. Paul company, was run over in the railroad yards near the round house at Milwaukee today and killed. The remains will be brought to his home in this city this evening.

Mr. Lindsay was about sixty years of age and had been engaged in railroading for thirty years. For the past twenty-two years he has been an engineer. He stood high in Masonic and Grand Army circles and was a man of noble personal character. The entire city is shocked by his tragic end. He leaves a wife.

Retrospect.

It is an evil day for the wife and mother when she scans her worn face in the mirror, and asks the question, "Does it pay? Does it pay to sacrifice health and happiness to wedded love?" But there is another question which rightly takes precedence of Does it pay? It is this: "Is it necessary to sacrifice health and happiness to wedded love?" Half a million women answer, No! They have been weak and have been made strong by Dr. Pierce's Favorite Prescription. They were sick and "Favorite Prescription" made them well. It will do the same for almost every woman who gives it a fair and faithful trial. It stops weakening drains, heals inflammation and ulceration and cures female weakness. It tranqualizes the nerves and encourages the appetite.

"I expected to become a mother, and a threatened miscliance greatly weakened me," writes Mrs. E. A. Nations, of Witts Springs, Searcy Co., Ark., "and my old disease returned. My husband got another doctor for me but I seemed to just drag along and get no better. At last I told the doctor that if his medicine did not help me I would go back to Dr. Pierce's medicines. I did so, and by the time I had taken them one month I could do my own housework, except washing, and tended my garden too. I was stouter than I had ever been while waiting baby's coming since my first baby came (this one was the sixth child). She is now eleven months old and is a healthy child. As for me, I feel as young now as I did at eighteen years of age; am thirty now. I can cheerfully recommend Dr. Pierce's medicine to all suffering womankind."

Doctor Pierce's Pleasant Pellets cure biliousness and sick headache.

ELECTIONS IN MANY STATES

Harrison is Elected Mayor of Chicago.

WELLS WINS IN ST. LOUIS.

Results in Many Western States—Bloodshed at Polls in the Big Cities—Prohibition the Issue in Several Kansas Cities—Denver Election Close.

Chicago, April 3.—Carter H. Harrison was re-elected mayor of Chicago yesterday by 28,257 plurality, according to police returns. The vote, according to the police returns, was:

Harrison 156,952
Haney 128,695

Harrison's plurality..... 28,257

The mayoralty vote outside of the Republican and Democratic candidates amounted to 10,895. The Prohibition vote was 2,785; the Social Democratic, 1,803; the Socialist Labor, 639; the Single Tax, 956; the Socialists, 4,712. With Harrison were elected the Democratic candidates for city treasurer, city attorney and city clerk. Harrison carried twenty-five of the thirty-five wards in the city. The vote cast was light, being but 296,542, out of a total registered vote of more than 408,000. The falling off from the registered vote was greatest in the Republican wards, the Democratic wards keeping more nearly to their normal figures. In all wards, however, there was a marked decrease from the vote cast in the presidential election last fall. The

CARTER H. HARRISON.

new city council will stand forty-one Republicans to thirty-one Democrats, but as the city is entitled to only seventy aldermen, two of those now holding over or elected yesterday will necessarily be unseated through legal process. The confusion in the aldermanic election arose from the recent redistricting of the city into new wards.

Bloodshed at Polls.

The election was marred by one shooting affray that may prove fatal. It took place in the Twelfth precinct of the Third ward, early in the afternoon, and the victim, Edward Curley, is in the county hospital in a precarious condition, and his assailant, Thomas Moriarty, is under arrest.

St. Louis Swept by Democrats.

St. Louis, Mo., April 3.—Rolla Wells, the Democratic candidate for World's Fair Mayor of the city, has been elected by about 10,000 plurality over George W. Parker, Republican, and Lee Meriweather, municipal ownership. The latter declares he will contest on plea of frauds. With Mr. Wells was elected the entire Democratic ticket.

Two Men are Shot.

During the day many persons were beaten or assaulted, and two were shot. One of those hit by a bullet was E. A. Rozier, the United States District Attorney, and the other William Dwyer, formerly a Cuban volunteer. United States District Attorney Rozier was shot shortly before noon at the polling place in the Fourth precinct of the Twenty-fifth ward, at Vandeventer and Clayton avenues. William Dwyer, just returned from Cuba, where he served in the Fifth United States infantry, was shot at the voting booth of the Eighth precinct of the Third ward, at 1508 North Eleventh street, by Fred Priesmeyer, Republican candidate for the House of Delegates from that ward.

Temperance Fight in Kansas.

Topeka, Kan., April 3.—Municipal elections were held in all the larger cities of Kansas. In numerous cities the issue was Prohibition. In Kansas City, Kan., the largest city in the state, there were straight party tickets, headed by B. L. Short, Republican, and W. H. Craddock, Democrat. The latter won by 900 plurality. In Topeka Albert Parker, Democrat, is believed elected mayor by 100 votes. He was opposed by the temperance people. J. W. Orr, Democrat, was elected mayor of Atchison by 500 majority. At Leavenworth the entire Democratic ticket was elected by a majority of 500. At Wichita, where Mrs. Nation began her crusade, the temperance ticket was overwhelmingly defeated by the Republicans.

License Wins in Minnesota.

St. Paul, Minn., April 3.—Municipal elections were held in the various cities of the third class throughout the state yesterday. Party lines were not drawn, and in many cases there was only one ticket in the field. Wherever the issue was "license" or "no license" the former was successful. In several instances the question of issuing bonds for various local improvements was voted upon. At New Ulm a proposition for a municipal electric light plant carried, while at Le Sueur a proposal to levy a tax for a public library was defeated overwhelmingly. At Mankato the Democrats were victorious, electing Nic Peterson mayor over his Republican and independent opponents. The Republicans, however, gained three aldermen.

Denver Mayoralty in Doubt.

Denver, Colo., April 3.—The city went Republican, the only part at all in doubt being the mayoralty. Henry V. Johnson, present mayor, ran independently on a ticket which was almost identical with that of the Republicans, headed by Robert R. Wright. The combined vote for the two is conceded to exceed that for the Democratic ticket, headed by Judge E. T. Wells, by from 4,000 to 5,000. Johnson's vote is not far from 4,000, which leaves the vote for mayor in doubt.

BRAIN FOOD.

Is of Little Benefit Unless it is Digested.

Nearly every one will admit that as a nation we eat too much meat and too little of vegetables and the grains.

For business men, office men and clerks, and in fact every one engaged in sedentary or indoor occupations; grains, milk and vegetables are much more healthful.

Only men engaged in a severe outdoor manual labor can live on a heavy meat diet and continue in health.

As a general rule, meat once a day is sufficient for all men, women and children, and grains, fruit and vegetables should constitute the bulk of food eaten.

But many of the most nutritious are difficult of digestion and it is of no use to advise brain workers to eat largely of grains and vegetables where the digestion is too weak to assimilate them properly.

It is always best to get the best results from our food that some simple and harmless digestive should be taken after meals to assist the relaxed digestive organs, and several years experience have proven Stuart's Dyspepsia Tablets to be very safe, pleasant and effective digestive and a remedy which may be taken daily with the best results.

Stuart's Dyspepsia Tablets can hardly be called a patent medicine, as they do not act on the bowels nor any particular organ but only on the food eaten. They supply what weak stomachs lack, pepsin diastase and by stimulating the gastric glands increase the natural secretion of hydrochloric acid.

People who make a daily practice of taking one or two of Stuart's Dispepsia Tablets after each meal are sure to have perfect digestion which means perfect health.

There is no danger of forming a dangerous habit as the tablets contain absolutely nothing but natural digestives; cocaine, morphine and similar drugs have no place in a stomach medicine and Stuart's Dispepsia Tablets are certainly the best known and the most popular of all stomach remedies.

Ask your druggist for a fifty-cent paskage of Stuart's Dyspepsia Tablets and after a week's use note the improvement in health, appetite and nervous energy.

Aged Woman Dies by Fire.

Lincoln, Ill., April 3.—Mrs. Ellen Carroll, 60 years old, was burned to death in her home here yesterday by the explosion of a lamp.

Forewarned, Forearmed.

The liability to disease is greatly lessened when the blood is in good condition, and the circulation healthy and vigorous. For then all refuse matter is promptly carried out of the system; otherwise it would rapidly accumulate—fermentation would take place, the blood become polluted and the constitution so weakened that a simple malady might result seriously.

A healthy, active circulation means good digestion and strong, healthy nerves.

As a blood purifier and tonic S. S. S. has no equal. It is the safest and best remedy for old people and children because it contains no minerals, but is made exclusively of roots and herbs.

No other remedy so thoroughly and effectually cleanses the blood of impurities. At the same time it builds up the weak and debilitated, and renovates the entire system. It cures permanently all manner of blood and skin troubles.

SSS

Mr. E. E. Kelly, of Urbana, O., writes: "I had Eczema on my hands and face for five years. It would break out in little white pustules, crusts would form and drop off, leaving the skin red and inflamed. The doctors did me no good. I used all the medicated soaps and salves without benefit. S. S. S. cured me, and my skin is as clear and smooth as any one's."

Mrs. Henry Siegfried, of Cape May, N. J., says that twenty-one bottles of S. S. S. cured her of Cancer of the breast. Doctors and friends thought her case hopeless.

Richard T. Gardner, Florence, S. C., suffered for years with Boils. Two bottles of S. S. S. put his blood in good condition and the Boils disappeared.

Seek Relief!

The great proportion of women who suffer never make a serious effort to benefit themselves. The most of them go on paying no attention to their little menstrual disorders, believing they will eventually wear off. They grow worse and worse every day. At the period of menstruation a woman is peculiarly susceptible to cold and other external influences and it is also the most favorable time for the development of hidden disease germs which may be lurking in the system. Any physician knows that disordered menstruation, falling of the womb and leucorrhoea are blighting lives in almost every home. No woman should neglect herself a moment after she sees indications of female diseases. Almost instant relief can be secured by the use of

WINE OF CARDUI

It will relieve you right in your own home. Will you accept the testimony of Mrs. Beigler and thousands of other women and really seek relief today? All druggists sell $1.00 bottles of Wine of Cardui.

100 Chicago Street, Fort Wayne, Ind., March 27, 1900.
Your Wine of Cardui has done a world of good for me. I have used five bottles of the Wine and one package of Thedford's Black-Draught. And since I have started to use it I will not be without it in the house. It helped my sister in Toledo, who did not menstruate as she ought. She was sixteen years of age and nothing else helped her. I was in a very bad state myself before I used your medicines, but I found relief in three days. And now I feel like a new woman and do all my housework and washing, which I could not do before I took Wine of Cardui. I would be very glad to write any poor woman and tell her how I suffered before I used Wine of Cardui.

Going to Build

Whether you contemplate building at an early date or not, you should have a copy of "BAKER'S TWENTIETH CENTURY HOMES" It is the most complete book of Architectural Designs published.

Nearly 350 pages, printed on heavy enamel paper. It is not a theoretical book. Every design shown is from the actual working plans of buildings that have been erected under the direction of our supervising architect. Consequently it is practical in every respect.

It embraces subjects from an attractive cottage at a few hundred dollars to a modern, up-to-date residence, costing many thousand dollars.

The perspectives are full-page illustrations while the floor plans are half-page sketches.

The descriptions are complete and easily understood; in fact it is an ideal book of practical, up-to-date designs and intelligent descriptions.

The regular price is $2.00 but we would like to present you a copy free of charge.

If you could call at our office we would take pleasure in presenting you a copy free of charge. As this is not possible, we will send you a copy by express, charges prepaid upon receipt of only 25c, to cover cost of transportation.

Met With an Accident.

Harris Drew, a fourteen year-old nephew of Mr. and Mrs. W. W. Woodside met with a very painful accident yesterday in which his left wrist was both broken and badly dislocated. Young Drew is visiting at Rev. Woodside's home and yesterday he was engaged in vaulting over a wooden saw horse in the yard. His foot slipped and in trying to save himself he put out his hand. When he fell his wrist was bent back under him with his weight upon it. The injury is quite complicated and is exceedingly painful.

"I Followed Mrs. Pinkham's Advice and Now I am Well."

Doctors Mystified.

A woman is sick; some disease peculiar to her sex is fast developing in her system. She goes to her family physician and tells him a story, but not the whole story.

She holds something back, loses her head, becomes agitated, forgets what she wants to say, and finally conceals what she ought to have told, and thus completely mystifies the doctor.

Is it any wonder, therefore, that the doctor fails to cure the disease? Still, we cannot blame the woman, for it is very embarrassing to detail some of the symptoms of her suffering, even to her family physician. It was for this reason that years ago Mrs. Lydia E. Pinkham, at Lynn, Mass., determined to step in and help her sex. Having had considerable experience in treating female ills with her Vegetable Compound, she encouraged the women of America to write to her for advice in regard to their complaints, and being a woman, it was easy for her ailing sisters to pour into her ears every detail of their suffering.

In this way she was able to do for them what the physicians were unable to do, simply because she had the proper information to work upon, and from the little group of women who sought her advice years ago, a great army of her fellow-beings are to day constantly applying for advice and relief, and the fact that more than one hundred thousand of them have been successfully treated by Mrs. Pinkham during the last year is indicative of the grand results which are produced by her unequaled experience and training.

No physician in the world has had such a training, or has such an amount of information at hand to assist in the treatment of all kinds of female ills, from the simplest local irritation to the most complicated diseases of the womb.

This, therefore, is the reason why Mrs. Pinkham, in her laboratory at Lynn, Mass., is able to do more for the ailing women of America than the family physician. Any woman, therefore, is responsible for her own suffering who will not take the trouble to write to Mrs. Pinkham for advice.

The testimonials which we are constantly publishing from grateful women establish beyond a doubt the power of **Lydia E. Pinkham's Vegetable Compound** to conquer female diseases.

Grateful Letters from Cured Women.

"DEAR MRS. PINKHAM:—I was a sufferer from female weakness for about a year and a half. I have tried doctors and patent medicines, but nothing helped me. I underwent the horrors of local treatment, but received no benefit. My ailment was pronounced ulceration of the womb. I suffered from intense pains in the womb and ovaries, and the backache was dreadful. I had leucorrhœa in its worst form. Finally I grew so weak I had to keep to my bed. The pains were so hard as to almost cause spasms. When I could endure the pains no longer, I was given morphine. My memory grew short and I gave up all hope of getting well. Thus I dragged along. To please my sister I wrote to you for advice. Your answer came, but meantime I was taken worse, and was under the doctor's care for a while.

GRACE B. STANSBURY

"After reading your letter, I concluded to try your medicine. After taking two bottles I felt much better; but after using six bottles I was cured. All of my friends think my cure almost miraculous. I thank you very much for your timely advice and wish you prosperity in your noble work, for surely it is a blessing to broken-down woman. I have full and complete faith in the **Lydia E. Pinkham Vegetable Compound.**"—GRACE B. STANSBURY, Herington, Kansas.

ELLA BRENNER

"DEAR MRS. PINKHAM:—I have been thankful a thousand times since I wrote to you for what **Lydia E. Pinkham's Vegetable Compound** has done for me. I followed your advice carefully and now I feel like a different person.

"My troubles were backache, headache, nervous tired feeling, painful menstruation, and leucorrhœa. I took four bottles of Vegetable Compound, one box of Liver Pills, and used one package of Sanative Wash, and am now well.

"I thank you again for the good you have done me."—ELLA E. BRENNER, East Rochester, Ohio.

"DEAR MRS. PINKHAM:—I want to tell you what your medicine has done for me. I believe it saved my life. I had womb trouble and inflammation of the ovaries, and was troubled with flowing too much. I had two doctors, but they did me no good. After writing to you, I began the use of your remedies, and to-day I am well. I cannot say enough in your favor and shall always praise your Vegetable Compound."—MRS. FRED. LEO, Box 520, Skowhegan, Maine.

MRS. B. CUNNINGHAM

December 26, 1899.

"DEAR MRS. PINKHAM:—I feel that it is my duty to write and tell you of the benefit I have derived from the use of **Lydia E. Pinkham's Vegetable Compound.** I wrote to you last June and described my sufferings.

"I took seven bottles of your medicine and was cured of my troubles. Last September I was taken with a very bad kidney trouble. I was away from home and was obliged to return. I started to take your medicine again and was soon well.

"When I wrote to you last summer I weighed only one hundred and five. I now weigh one hundred and thirteen. I am very grateful to you for the good advice you gave me, and would recommend your medicine to all who suffer from female weakness."—MRS. B. CUNNINGHAM, Oakland, Ill.

$5000 REWARD

Owing to the fact that some skeptical people have from time to time questioned the genuineness of the testimonial letters we are constantly publishing, we have deposited with the National City Bank, of Lynn, Mass., $5,000, which will be paid to any person who will show that the above testimonials are not genuine, or were published before obtaining the writers' special permission.—LYDIA E. PINKHAM MEDICINE CO., Lynn, Mass.

A WARNING!
AND A LITTLE
Wall Paper Advice

Judidiously mixed.

The quiet, artistic beauty of any home is destroyed by inharmonious wall decorations.

No matter how tasteful the furnishings of your home may be, if the wall paper is not in keeping with the furniture, the effect will be thoroughly disagreeable. The

Best Decorators in the world!

cannot get happy results from poor paper.

In this year of 1901 there is absolutely no excuse for anyone buying inartistic and inharmonious wall paper, no matter how thin their purse may be. Its merely a question of going to the right place—to the place where a stock of wall paper large enough and varied enough in quality, design and price to suit all people's tastes and purses is kept—a store which aids its customers in securing harmonious combinations of colors, and which has its own wall paper hangers and decorators, who do your work in a careful and conscientious manner.
